

Critical Information Summary

NBN4-500 Fibre Broadband Service

Information About the Service

Description of the Service

- 500 GB peak (9.00 am - 1.00 am) data allowance.
- Unmetered off peak (1.00 am - 9.00 am) data allowance.
- 100/40 Mbps† speed - deliverable over NBN Fibre Infrastructure.

Mandatory Component of the Service

There are no mandatory components of the NBN service. The NBN Fibre and Wireless Broadband services Exetel provides are supplied as pure stand-alone Fibre Broadband only services. Exetel does provide you the option of adding a VoIP based phone service at additional charge (number and calls) but this is not mandatory for you to select this option.

Minimum Contract Term

12 Months

Limitations/Qualifications for the Service

Exetel NBN Broadband and optional Phone services (based on the NBN network) are not available in all areas or premises. There may be technical or commercial reasons that affect our ability to connect a service at your address. Please visit the Exetel website to check your service availability or contact our Residential Sales Team on **1300 393 835** and select Option 1.

† The download and upload speeds stated are the maximum that each type of link can deliver and will rarely, if ever, be achieved by any user for all sorts of reasons. Exetel makes no guarantees of

any kind on the actual speeds that will be achieved by any individual users as we rely on our fibre supplier to ensure its services are provisioned to deliver optimum speeds at all times. Should any user not receive speeds consistent with their distance from the exchange then Exetel will allow such a customer to cancel their service without penalty.

Speeds that customers experience on fibre based services in practice have tended to be affected by the following internal and external factors:

- The number of individual end-users at a residence using the service at the same time.
- The end-user's network, operating system, hardware, software and software configuration (E.g. – router/firewall configuration).
- The connection method within the premises (wireless or fixed).
- The type of content being downloaded by the end-user.
- The source of the content (the destination host) being downloaded (including any content server limitations).
- Domestic backhaul capacity & International links capacity.

Information About Pricing

Minimum Monthly Charge

\$139.00 per month (including GST)

Total Minimum Cost

\$1,718.00 over a 12 month contract term

Once your initial contract term has expired, your monthly charge will continue to be charged on a month by month basis until you have either changed to a new Exetel plan or until you decide to cancel your service.

Early Termination Charge

If for whatever reason, the service is cancelled before the end of the 12 month contract period then a maximum early termination charge of \$100.00 will apply.

Line Activation Charge

A once off Line Activation Charge of \$50.00 will apply.

Data Usage Charges

The speed will be shaped to 1024/384 kbps once you exceed your monthly data allowance until the next billing cycle. No excess usage charges will apply on your broadband service.

Cost of 1 MB of data usage (included usage):
Included in monthly plan value.

Cost of 1 MB of data usage (excess usage): Speed Shaping to 1024/384 kbps.

Unmetered Usage Policy

'Unmetered': where the amount you download or upload will not be counted and you will not be billed for any data used during the specified period. For more information visit http://help.exetel.com.au/aup_adsl2.php

Credit Card Surcharge

A credit card surcharge of \$1.10 will apply per month for all credit card payments. If you wish

to avoid this charge, please select the Direct Debit option.

Plan Changes

You can move to any of the plans that are listed on your Exetel Members Facilities. A change plan fee of \$25.00 applies along with a new 12 month contract term.

Other Information

Exetel Members Facilities

You will be provided with a secure Members portal where you will be able to view your daily data and call usage for your Exetel service. You will also be able to track all your Exetel invoices, make changes to your existing service and buy new services from this portal. Exetel Member Login Page:
