## Create A Staff Purchase Scheme For Your Company, Association Or Club

Exetel offers special broadband plans for organisations who want to make broadband available to their employees as part of an employee benefit scheme/incentive program.

Current users of this scheme include large financial institutions, banks, medium sized IT companies, schools, Church congregations, PTAs and a variety of other types of organisations.

The scheme allows you to provide your members or employees with a special code to apply against their order. All orders which have this employee benefit code on it will receive a \$5.00 discount off your monthly charge (\$60.00 per annum savings on your Exetel service) as an incentive for choosing Exetel for your company benefit scheme.

To be eligible for this discount please ensure the order is placed via the Corporate Employee Portal only.

## Who Qualifies For An Employee Purchase Plan

While there is some flexibility in the qualification criteria, an organisation applying for a staff purchase plan would need to meet these requirements:

1. Be a registered business or similar organisation
2. Have more than 10 employees
3. Actively promote the use of ADSL for their employees

## How Does The Exetel Employee Purchase Plan Work?

1. The organisation requests Exetel to set up a staff purchase scheme for its employees by email.
2. Exetel sets up a dedicated 'portal' for the organisation with a company specific order form
3. The organisation advises its employees of the services and prices available
4. The employees of the organisation can visit the 'portal' using a secure log in provided to the organisation by Exetel

## More Information

If you would like more information on the Exetel Corporate Employee Benefit Scheme please email [corporatesales@exetel.com.au](mailto:corporatesales@exetel.com.au) or call 02 8030 1000 and select Option 1.
